

How does the Homeschool curriculum work?

Read a Chapter ~ Do a Lesson!

It's really that simple

The Homeschool Curriculum requires one copy of *Percy's Adventures at Mercy Hospital for Injured Birds* and one or all of the Companions described below.

The Homeschool Companions include:

- ✂ Bible ~ including discussion questions, memory verses, and reproducible activity pages related to each Chapter of *Percy's Adventures*.
- ✂ English ~ including vocabulary, discussion questions, creative writing exercises and puzzle pages.
- ✂ Science ~ hands-on "experiments" and bird studies make this an interactive and fun Companion!
- ✂ Social Studies ~ includes geography, mapping exercises, as well as relationship studies, and family "iceberg" research.
- ✂ Crafts ~ Crafts are fun and related to each chapter of *Percy's Adventures* or related to the Bible lesson within; any templates you need are in the back of the book.

Here's how it works:

The enclosed Homeschool Assignment Chart provides the broad overview of all activities in all the Companions. After reading a chapter from *Percy's Adventures*, you would choose activities from the menu to create a customized lesson plan. Just read a chapter ~ Then do a Lesson (or two or five)!

For example, after reading a chapter of *Percy's Adventures*, you may choose to do the following lesson plan:

- ✂ Read Chapter 1 of *Percy's Adventures*
- ✂ Bible Companion: Do the Chapter 1 discussion questions and write or recite the memory verse. Do the reproducible journaling pages.
- ✂ English: Have your student answer the Chapter 1 discussion questions about the story ~ a terrific reinforcement to reading comprehension. Follow this up with several pages of vocabulary work and a creative writing exercise about rhyming words and the beginning of poetry.
- ✂ Science Companion: Do the Chapter 1 experiment on buoyancy using ordinary household items. For additional fun, do the bird research page on Adelie Penguins.
- ✂ Social Studies Companion: In Chapter 1, the Geography Research Worksheet has students researching Antarctica and labeling a map. Also, have your student begin to fill in your family tree ~ in our Companion, it's called a "Family Iceberg."

That's not all ~ The above lesson plan is only SOME of what's offered just in week one! Buy the entire set for weeks of fun learning OR buy individual Companions to **CUSTOMIZE** a lesson plan to suit your needs. See details on the next page.

CUSTOMIZE IT!

You already have a full curriculum for your child? No problem! *Percy's Adventures* alone can offer some fun reading time (and who doesn't need more reading time?), or buy a Companion or two just to bulk up on a specific area of study in a fun way. **Just as one example**, if you wanted to just bulk up on your child's Bible study, you could buy *Percy's Adventures* plus the Bible Companion which offers memory verses, discussion questions about specific Bible stories and Christian principles mentioned in each chapter of *Percy's Adventures*. The Bible Companion has a bunch of scrapbook and journaling pages at the back, making it interactive and fun.

Likewise, you may choose any individual Companion to meet your needs:

- If your child loves words, journaling and writing poetry, then purchase *Percy's Adventures* and the **English Companion**. We also offer "Alphabet of Fantastic Birds," an old-fashioned cursive handwriting book for those "writers" in your family!
- Want to add some Bible study, memory verses, and fun, reproducible scrapbook pages? Get *Percy's Adventures* and the **Bible Companion**.
- Your child loves the hands-on stuff like glue and glitter or doing "experiments"? Get the **Craft Companion** or **Science Companion** along with *Percy's Adventures*. We also offer "God Made the Birds of the World" which is a coloring/sticker book of birds. The Science Companion offers a bird study which coincides with each chapter of *Percy's Adventures*.
- Does your child like to do puzzles, mazes, word finds, journaling or scrapbook pages? Try the **English Companion** or **Bible Companion**.
- Does your child like geography, mapping, family trees and exploring other relationships? Then get the **Social Studies Companion** with *Percy's Adventures*!

We also offer Companions in **Drama, Songs, and Games** for group activities ~ great for Co-ops and other group activities. All Companions are intended to follow the reading of each chapter of *Percy's Adventures*. Ask us for details!
